

THE MARKETS.

Gloomy Rumors Give the Bears the Profits of Another Day's Trading.

A Feverish and Uncertain Feeling Still Prevailing.

New York, May 22.—The share speculation was feverish and depressed to-day. The weak spots of the market were the eastern Union and Central Pacific. The coal shares were affected by reports that the employees of the Reading had refused to accept scrip for wages, and would insist if the company insisted on forcing it on them.

The bears sold the stock heavily on these reports, and late in the day the following was received at the Union Pacific office in this city:

The reports are out of whole cloth, and entirely without foundation. You can safely make such denial as you deem expedient of everything alleged to emanate from the Union Pacific office.

Central Pacific dropped from 42 1/2 to 38 1/2 in sympathy. Pacific Mail was another weak spot, and after an early advance to 39, sold to 35. The stock broke on a rumor that the Frye shipping bill had been tabled.

The general list was well supported during the first hour of business, and a few shares showed an advance of 1/2 to 1 percent, but the subsequent attacks on the eastern and Pacific stocks weakened the whole market.

In the last fifteen minutes of business a moderate buying movement set in, and prices rallied 1/2 to 1 percent. Western Union, Central Pacific, Northwest, Reading, and Jersey Central being the most prominent.

The market left quiet and firm, notwithstanding the announcement of the failure of E. H. Shaw.

Various rumors were circulated in regard to Union Pacific. It is reported that Gould has made ample money arrangements through foreign banks to guarantee himself against any possible stringency in the money market for the next four months.

It is believed that the short interest was largely increased yesterday. It is reported that some buying orders were received yesterday from William H. Vanderbilt for New York Central and Northwest.

The bears say there are still large amounts of stocks in loans, which will have to be liquidated before prices reach bottom.

The London market for American securities advanced 1/2 to 1 1/2; St. Paul declined 1/2. Trading has been very active and an easier feeling prevails.

Chicago, Burlington and Quincy declared a dividend of \$2 per share, payable June 15. The transfer books close May 24 and reopen June 2.

Mr. Gould said: "I have absolute proof that outside investors have been heavy buyers of Western Union. William H. Vanderbilt has taken from the street and transferred. Concerning the market, I have very little to say. I believe that parties with capital are anxious to get securities at these prices, and there is every reason to suppose that we have passed through our troubles."

The cotton market on the whole has been fairly strong but very light. The earnings of the Erie and Western railroad for the first week in May decreased \$7,234.47.

Treasury balances: Coin, \$127,223,200; currency, \$4,995,484.

The sales of cotton to-day aggregated 41,519 shares, including the following: Central Pacific, 8,100; Delaware, Lackawanna and Western, 56,000; Denver and Rio Grande, 8,450; Erie, 9,000; Lake Shore, 11,300; Louisville and Nashville, 17,750; Missouri Pacific, 15,500; North Western, 10,800; New York Central, 9,650; New York Central, 4,000; Pacific Mail, 14,000; Reading, 29,575; St. Paul, 52,300; Union Pacific, 69,200; Western Union, 24,550; Northern Pacific preferred, 10,035; Oregon Transcontinental, 5,000; Wabash Pacific preferred, 8,100.
